Last month, while reading *Space & Time* magazine, you filled out and mailed in a form for a free 7 day, all expenses paid trip through the universe, and you have just received a call letting you know that you were one of 10 lucky contestants who won! The prize also includes a state-of-the-art digital camera and all the necessary equipment to photograph the universe's best objects.

Now, to plan your trip! The universe is yours!

Your **double-spaced, typed** photo album will include the following:

1. descriptions of 10 objects in the universe you would like to photograph, what they are, where they are located, and why you chose them.
2. a small copy of an image of each, with the source of the image.

You may include pictures and/or information obtained from additional sources, however, you **must** include all references used, even those listed by the instructor, and **type** this assignment in order to receive credit!
